On that day we will draw out the names of five persons to each of whom will be presented a copy of one of the following: Business College Course, Scientific Course, Shortland and Typewriting, Normal Course, Teachers' Review Course. The scholarships are worth

INDECENT.

The reference to politics in a Thanksgiving proclamation is indecent and indefensible, and as a Republican paper the JOURNAL regrets that Governor Stevenson, of Nevada, should have gone out of the way to introduce partisanship in an official document of such a character. The Democrats of Nevada are good men and good citizens and it is not right that the Governor should fling in their faces taunting allusions to the political victory achieved, and the JOURNAL regrets that it should have ever been done in this State.

The Republicans have made Congressional gains in the following States: California 1, Connecticut 2, Kentucky 1, Louisiana 1, Massachusetts 2, Michigan 3, Minnesota 3, Missouri 2, Nebraska 1, New Hampshire 1, North Carolina 1, Ohio 1, Pennsylvania 1, Tennessee 1, West Virginia 1. Total—22. They lost in the following States: Illinois 1, Indiana 4, New Jersey 1, Virginia 5. Total—11, making a total gain of 11 over the Republican representation in the Fiftieth Congress. The contest may make a silent alteration.

The reduction of the claims of both parties to very narrow majorities of from three to five suggests interesting possibilities when it is remembered that not less than six persons who were elected to the Fiftieth Congress died either before they had been sworn in or after they had taken their seats, and that there is a strong probability there will be some deaths among the 325 men of mature years during the long period of thirteen months intervening between election day and the assembling of the new Congress.

Senator Quay, Chairman of the Republican National Committee, in conversation with the California Associated Press correspondent, authorized the following statement of the situation in the lower branch of the next Congress: "We have the House of Representatives by a majority of five certainly, and possibly by nine, on the official count of Congressional districts. As to Democratic threats that the Democratic Governors of certain States will refuse to certify the election of Republicans to the Clerk of the House, and he will refuse to place our people on the roll, we do not care what the Democratic Governors or the Clerk of the House may do. They are not dealing with children and old women. The Republican party will hold with mailed hand all that it fairly won on November 6th."

It is possible there will be a lively contest over the election of Speaker of the next House of Representatives. Butterworth and McKinley, of Ohio, Burrows, of Michigan, Cannon, of Illinois, and Reed, of Maine, will be the principal candidates. The general opinion is that the position will go to the West. Both Cannon and Reed are members of the present Committee on Rules, but Butterworth and Burrows are as familiar with parliamentary procedure as either of the first named gentlemen. McKinley will, in all probability, be Chairman of the Ways and Means Committee.

A list has been prepared at the Post-office Department which shows that the commissions of eighty Presidential Postmasters appointed by President Arthur will expire between now and the end of Cleveland's term. The list includes every State in the Union. Those from the Pacific Coast are Utah and Alameda, Cal., Salem, Or., and Vancouver, W. T. The salaries range from \$1,500 to \$2,400 per annum.

Perry Belmont has been appointed Minister to Spain and will accept. He will sail for Spain early in December. Belmont will at once transmit to the Governor of New York his resignation as Representative, in order that his place may be filled by a special election. His resignation as member of the House will cause a vacancy in the Committee on Foreign Affairs, of which he was Chairman.

The cheerful readiness with which the Democratic papers are building a Cabinet for President-elect Harrison cannot fail to awaken his most profound gratitude, and in return he will give them a greatly improved postal service next year.

Gen. Weaver, the Greenback Democrat, who has represented the Sixth Iowa District, in Congress for several years, was beaten by Lucy, a Republican, by nearly 1,000 votes. This is a Republican gain of about 1,500.

Potato socials are all the rage in some parts of Kansas. The plan of conducting them is not altogether clear to the uninitiated, but at these gatherings many a Kansas young man doubtless has made his first mash.

MR. BLAINE ON THE VICTORY.

Augusta Republicans Tender A Serenade and Listen to a Speech.

AUGUSTA, Me., Nov. 12th.—Augusta Republicans had a pleasant demonstration this evening in celebration of the National victory. Many visiting organizations joined in the parade. The feature of the evening was the serenade tendered Mr. Blaine. He had his house and grounds handsomely illuminated, and in response to urgent requests delivered a brief but stirring address relative to the recent election. Said Mr. Blaine:

I join with you in hearty congratulations and felicitations over the great National achievement of last week. We have elected the Republican candidates to the Presidency and Vice-Presidency, and never did any party have candidates in whom more implicit faith could be placed—faith in their principles; faith in their ability; faith in their zeal; faith in their honor; faith in their personality; faith in them officially. It adds to the value of our triumph that we have secured in General Harrison a President who comprehends the wants of the whole Nation, and who by temperament and experience embodies all the requirements for an executive position where integrity are, perhaps, more egrossing and exacting than any similar position in the world.

And yet if the election of Harrison and Morton was not the elevation of two eminent citizens to the highest positions in the Republic our rejoicing would have the deep significance which attends it. The President and Vice-President elect carry with them in their deserved elevation the triumph of the protective policy in the United States, and that is the feature of the victory which stirs the Nation.

Mr. Blaine spoke of the sturdy and constant Republicanism of Kennebec county and then continued:

Many persons from the inattention to course of events, and some from mercenaryism, regard a Presidential election as only a struggle for the spoils of office. Perhaps a close examination of the "spoils" would cause them to modify his opinion. We are now 65,000,000 people, and we speak of the danger of having 100,000 officeholders under the National Government. Quite true, we have 100,000 officeholders, but a vast number are paid under \$1,000 each, and more than four-fifths of the whole number under \$2,000 each, while the President does not have within his power the appointment of 200 officers with salaries exceeding \$5,000 a year. I doubt indeed if he has more than 100. Certain "spoils" cannot profoundly affect the interest or call forth the efforts of great people among whom opportunities for business and for fortune are greater than in any other nation of the world. It was something far deeper than "spoils" of office that called the full Republican strength to the polls—no question but that of protection could have done it.

But, my friends, let us remember that wise munition of "the old man eloquent," to be triumphant moderately Republicans have always been more quiet in gaining a victory at the polls than in boasting after it has been secured. It is well that it is so, for victory would indeed be barren of good fruit and unworthy of respect if it did not bring benefit to all the people alike, regardless of geographical lines or party divisions. We have as sharp rivalry as Democrats or Republicans in the earnest struggles of the campaign, but when the election is over we remember that we are all united in the enduring brotherhood of American citizenship—citizenship of the East and the West, of the North and the South, citizenship of the great undivided, individual Republic.

SHERMAN SATISFIED.

He Has No Doubt: To Enter the New Cabinet.

WASHINGTON, Nov. 17.—Senator Sherman, of Ohio, has been named as the possible Secretary of State in General Harrison's Cabinet. There are many Ohio Republicans in and out of public life who would rejoice to see Sherman resign his seat in the Senate to take a Cabinet office, because by so doing the way would be opened for the political preferment of some one of the subordinate leaders in the Buckeye State. Sherman's term as Senator will not expire until 1893, one year beyond the term for which General Harrison has just been elected President. Yesterday two prominent Ohio Republicans, one of them a member of Congress, called on Senator Sherman to try to learn his wishes respecting his possible appointment to a place in Harrison's Cabinet. Senator Sherman informed his callers that he had never received an intimation that he would be asked to take a seat on General Harrison's Executive Board and he did not expect to be invited to become a member of the next Cabinet. He said that he should prefer to remain in the Senate as Chairman of the Foreign Relations Committee to be Secretary of State under any Administration, and added that he supposed that James G. Blaine would be Secretary Bayard's successor.

WEST VIRGINIA.

A Likelihood That the Democratic Electors Were Elected.

CHARLESTON (W. Va.), Nov. 16.—The vote of this State is so close that perhaps 100 will be the margin on either side. In the First, Third and Fourth Congressional districts all the majorities in dispute will not aggregate 100. There seems to be no doubt of the success of the Democratic electoral ticket, and there will probably be a majority of two in the Legislature on joint ballot.

GOV. GRAY ON THE RESULT.

Gov. Gray, of Indiana, says of the late campaign:

As the campaign progressed we found it hard to awaken the enthusiasm which means success. There wasn't that spirit among Indiana Democrats which prompts men to throw up their hats and bear their clothes for the ticket, as you might say. I observed the absence of that peculiar enthusiasm when President Cleveland visited Indianapolis. You might have expected Indiana Democrats would go wild over their President, but they didn't. I was afraid then that it would be hard to arouse the party for him in this State. There was, of course, great curiosity to see the President, and a great crowd, and warm applause; but there was not that warmth, that intensity of feeling which we know leads to Democratic success in this State.

Gov. Gray fails to make sufficient allowance for the tinge of dislike and prejudice he feels for Grover on account of the latter preferring the Old Roman for a running mate. He is the only man in the United States who will say the Democrats of Indiana did not do their level best to give their State to Cleveland. They made an awful hard fight, and it required the best efforts of the Republicans to down them.

A GREAT PURCHASE.

Valuable Trotting Stock Bought by a Massachusetts Breeder.

STONY FORD (N. Y.), November 16.—In November, 1876, Senator Leland Stanford visited Stony Ford and purchased of Charles Backman thirteen head of gilt-edge trotting for \$41,200. This purchase, the largest ever made by one man up to that time, included Electioneer, by Hambletonian, out of Green Mountain Maid, and Elaine, by Messenger Daroo, out of Green Mountain Maid. The price of the stallion was \$12,500 and of the filly \$7,000. Since then \$100,000 has been refused or Electioneer, and Elaine has trotted in 2:20 and produced Norlaine, with a one-year-old record of 2:31 1/4.

To-day William Russell Allen, who is founding a breeding-farm at Pitt-field, Mass., visited Stony Ford with Hamilton Busby and beat Stanford's record. He paid Backman \$44,100 for ten head. This is the largest sale ever made to one man. Allen has secured a son and daughter and two granddaughters of the famous Green Mountain Maid, daughter of Guy (record 2:12), and a son of the sister of Dexter (2:17 1/4), and Dictator, sire of Jay-Eve-See (2:10).

OFFICIALS PROMOTED.

Important Changes in Southern Pacific Railroad Officials.

SAN FRANCISCO, Nov. 16th.—The vacancy in the directorate of the Southern Pacific Company, caused by the death of Charles Crocker, has been filled by the promotion of Third Vice-President C. F. Crocker to the Second Vice-Presidency and the election of A. N. Towne to a seat in the directorate with the position of Third Vice-President. Towne does not vacate his position as General Manager. The promotion means increased work and responsibility. Towne's election, it is understood, was decided on before Senator Stanford left New York, but he was not apprised of the matter until after a meeting at which the election was ratified. Formal announcement will be made by circulars in a few days.

NEW YORK STATE.

The Result of the Vote for President and Governor.

NEW YORK, Nov. 17.—The official canvass is completed in all the counties in New York State, except New York and Kings. Taking the unofficial and approximately accurate canvass of these counties, the result is as follows: Total vote for President, 1,279,639; total for Governor, 1,279,837. The votes were divided as follows: Harrison, 646,710; Cleveland, 632,923; Hill, 617,730; Miller, 630,065. Harrison received 13,793 more votes than Cleveland and 16,651 more votes than Miller. Cleveland's plurality in New York and Kings counties was 68,912; deduct this from Harrison's up-country plurality, leaves 13,793 as Harrison's plurality in the State.

He Didn't Want to be Spanked.

INDIANAPOLIS, Ind., Nov. 12.—About 300 people who had assembled in response to neatly printed invitations were bolsterously mad because Mr. Jacob Bos did not appear on the court house steps at high noon to-day to be thoroughly, completely and publicly spanked by Charles Baden, in pursuance of a wager made before election. It was reported that Mr. Bos had fled into the wilds of Marion county to avoid the spanking, who stood on the steps of the court house waving to and fro a bright new spade, with which he was to administer the spanking.

It is believed in Washington that some Californian will be called to a place in General Harrison's Cabinet.

A recent elote Frank Wheeler (R) to Congress from the Tenth Minnesota District.

Gen. Harrison Bet Against Himself.

POSTSMOOTH, O., Nov. 12.—An express money-order from Indianapolis, having the signature of Gen. Ben. Harrison, President-elect, calling for the payment of \$2 to Mrs. S. C. Greene, a prominent lady of this city and a friend of the Harrison family, arrived here this morning. It is in payment of a wager made several months since in which Gen. Harrison bet against himself.

Ready to Give Up the Spoils.

FIDLEY, O., Nov. 12th.—W. S. Hamaker, Postmaster, Lorain Sidel, Deputy Postmaster, and all the letter-carriers of the Fidley postoffice have forwarded their resignations to Washington, to take effect on and after March 4. These are believed to be the first Federal officials in the country to acknowledge that they are ready for a change in the Administration.

Grady Can't Help Himself.

ATLANTA, Ga., Nov. 17.—Mr. Grady has a letter in the Constitution in which he again declines to be a candidate for United States Senator. The movement to put him in Senator Colquitt's place has progressed during the week in spite of Grady's repeated refusal to become a candidate.

If Colonel Matthew Stanley Quay has any influence with the Administration he expects to have John Wanamaker as Pennsylvania's man in the new Cabinet as Postmaster-General.

There will be a better quality of mucklage on the backs of the two cent postage stamps when the Republican Administration has the brush and past-pot fairly in its hands.

TWADDLE-JONES.

The Marriage at Bowers' Mansion.

On Wednesday evening, Nov. 14th, Bowers' Mansion resounded to sounds of mirth and dancing fest as in the halcyon days of its early prosperity. The celebration, at the bride's residence, of the marriage of Miss Alice B. Jones and Ebenezer Twaddle was the occasion of this brilliant and select assemblage of guests. Under the supervision of Miss Nettie M. Winters, the parlors were most tastefully decorated with cypress, thymus and Autumn leaves. The silken portiers between the rooms were looped back forming a capacious arch under which the bridal party stood. From the center of this arch depended an elaborate marriage bell composed of cypress, thymus, above which appeared that emblem of happy augury, a horse-shoe, glowing with Autumn leaves, in the center of which was arranged the device, "Nov. 14th, '88." On either side of the horse-shoe were displayed in Autumn leaves the letters "J." and "T." Promptly at 8 o'clock p. m., the spirited strains of the march from Lohengrin heralded the bridal party, which assumed its allotted position under the arch. The marriage service was that of the Episcopal Church, and was most impressively performed by the Rev. Geo. Davis, of Carson. The bride was beautifully attired in a robe of white Normandy Valenciennes lace and nun's veiling, cut dancing length, with jasmine flowers as exquisite and most effective ornaments. The bridesmaid, Miss Nettie M. Winters, was handsomely arrayed in a costume showing a harmonious combination of cardinal and pale pink satin silk, cut dancing length. Ornaments, opals and diamonds. Mr. A. Twaddle officiated as best man. At the conclusion of the ceremony relatives and friends clustered around the happy couple tendering congratulations and kind wishes for their continued felicity and prosperity. A short period of conversation ensued, which was interrupted by a summons to the dancing hall, in another part of the house, where the young disciples of Terpsichore held revel until an early hour in the morning. The music, the choicest of its kind, was furnished by Messrs. Mills and Frisby, of Carson. At 12 o'clock the guests were invited to partake of a sumptuous collation, after which they repaired according to their several tastes, to the parlors and to the dancing hall, in which latter place festivities were resumed with renewed ardor until the departure of the musicians gave the signal for the breaking up of the happy revel. The bride was the recipient of numerous and elegant gifts. Following is a list of the guests who were present: Mrs. Jean Twaddle, Miss Jennie Jones, Mr. and Mrs. Jas. Twaddle, Mrs. Belle Twaddle, Mr. and Mrs. Theo. Winters, Mrs. Burton, Miss Nettie M. Winters, Mrs. S. Humphreys, Mrs. Alexander, Miss Ella Smith, Miss Nellie G. Winters, Mr. and Mrs. Cliff, Miss Neva Winters, Miss Fannie Ridley, Miss Ida Saur, Miss Lizzie Ridley, Miss Hattie Humphreys, Miss Gertrude Ridley, Miss Carrie L. Warren, Miss Theodora Winters, Miss Maggie Winters, Mr. Will Jones, Mr. A. Twaddle, Mr. B. Noyes, F. B. Allen, Geo. Sauer, Lew M. Winters, Wm. Gregory, Floyd Alexander, Archie Winters, David Smith, A. J. Padroll, J. E. P. Marker.

BOARD OF TRADE.—The San Francisco Alta, of Saturday last, says:

Senator William M. Stewart, of Nevada, with a party of gentlemen and ladies, visited the rooms of the State Board of Trade yesterday. They expressed themselves as much pleased with the various exhibits.

Senator John P. Jones, of Nevada, also paid a visit to the rooms, and promised a fine exhibit of the minerals of that State and also a fine cabinet containing specimens of minerals found in Alaska.

A great many visitors from different States have called at the rooms during the last week. They were very much interested in the exhibits from the different counties, and stated that their friends in the East were anxious to obtain all the information possible in regard to California, as a great many of them contemplated coming to this State in the near future with a view to locating here.

Among those who do not love Cleveland for the enemies he has made might be mentioned incidentally sundry persons who had divers amounts wagered on his election.

CURE FOR THE "PINK-EYE."

A Disease Prevalent Among Horses at This Season.

"At this season of the year, a disease prevalent in horses is commonly known as pink-eye," said Dr. W. E. Cutler, the veterinary surgeon, to a Sacramento Bee reporter. "But that term is very misleading. The proper name for the disease is Inzootic ophthalmia. It is a disease of the kidneys. The presence of the disease in an animal may be determined by these symptoms. The horse becomes drowsy, and the eyelids become heavy and droop so as almost to close the eyes at times. Water is frequently discharged from them. The hind legs, and sometimes the fore legs become swollen, rendering locomotion very painful to the afflicted horse. In many cases the symptoms would mislead an owner into the belief that his horse had foundered. The disease attacks the kidneys principally, and only shows in the eyes through sympathy of the organs of sight with the diseased kidneys. The treatment is not at all complicated and if administered in time may be the means of saving many valuable animals. The horses should be taken from work immediately upon the appearance of the symptoms indicated, and should be given only one hour's work each day to afford the necessary amount of exercise. Water should not be given to the horse in greater quantity than six gallons a day. About four ounces of Glauber salts should be dissolved every night with bran mash, using hot water to mix the salts with the bran. The horses should be kept warm. If this simple treatment is faithfully carried out, a cure should result in from five to eight days. It is difficult for a person unacquainted with diseases in horses to handle a case intelligently unless he knows what the ailment really is, and it should be understood that the disease I speak of is not one of the eyes, but of the kidneys. It is sometimes necessary in severe cases to call in aid, but I think that the treatment referred to will be found to effect a cure in most cases."

MADE A WINNING.—The Truckee Republican has this:

Last Wednesday night the news was received that a portion of the ticket winning the big prize in the Louisiana Lottery had been sold in Truckee. Speculation was rife as to who the lucky individual was and about half of the population of the town took a second and third look at his or her ticket to see if it bore the lucky number 55,621. The next day it was ascertained that three Italians held the ticket in partnership. They had sent for a number of tickets just before the drawing and did not receive them until after the result of the drawing had been announced. The lucky individuals are Joseph Perrazzo, who has been the butcher at the Truckee hotel, Vincenzo Perrazzo, who keeps the saloon next to the Truckee Lumber Co.'s store and Anglo Giometti, who until recently worked in the Truckee Lumber Co.'s saw-mill. Of course they were jubilant over their good fortune. Now that Truckee has at length secured a capital prize we hope that no one will think that another will come this way inside of six months. If folks should get that notion in their heads, there won't be money enough in the town to buy powder enough to send them where they ought to go.

FALL RAINS.—This is from the Enterprise:

For the past three or four years Western Nevada has not been visited with Fall rains, such as have often kissed our hills and blessed this country, but indications point to a rather wet season this Fall. True, so far the rainfall has been light, but we cannot complain so long as it stays with us.

ADVICE TO MOTHERS.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-st 1888

The Perfection

Of the age in the medical line is the liquid fruit remedy, Syrup of Figs, manufactured only by the California Fig Syrup Company, San Francisco, California. It is agreeable to the taste, acceptable to the stomach, harmless in its nature, painless yet prompt and thorough in its action. Sold by Wm. Pininger, Reno.

An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

A RARE CHANCE FOR INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of ashoe County, the wealthiest county in Nevada.

Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State, and there is no failure of crops. Reno has Churches of all denominations, Bishop Whiteaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

NEW ORLEANS, La.

I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.
